

## City of Hamlin Code Red Emergency Notification System

The City of Hamlin is implementing CODERED emergency notification system. This is a free system to the Citizens of Hamlin and will allow notifications to be sent directly to a cell phone, land line or email address. This system will be used to notify the public of important information in the case of an emergency. The following link will take you directly to a web page where you can enter your information. If you or someone you know does not have access to a computer please contact the Hamlin Police Department or City Hall for assistance.
